Discipline teaches us self-control, self-restrain and respect for laws. It produces a sense of duty. There is discipline in heavenly bodies, stars and planets. The ordered growth and decay show that there is discipline everywhere in nature. The schools and colleges cannot run without discipline. Discipline makes us civilized.

We learn to respect the views and rights of others. Games and sports make the players disciplined. Discipline stands for law and order. A well-disciplined person always does his work honestly. If there is no discipline in the society, people shall do as they please and that may be harmful for the society.
